MEMORANDUM FOR:

Deputy Director of Personnel

Ben:

Attached is a memorandum written by one of our secretaries after the meeting we had on 16 June. I am sending this to you so you can get the flavor of the kinds of questions we are being asked and the concerns that the secretaries have who are presently on the IC Staff. This will give you a better feel for the problem and ties in with the memorandum I am sending to you. The bottom line, as I see it, is that the secretaries on the IC Staff need to be aware of which option is going to provide the greatest career management possibilities for them and their future career with the CIA. In my view, that is still through the "E" Career Service Panel although we should obviously consider other alternatives.
